

2 June 2022

Circular No.06/ Transportation details/ 2022-2023

Dear Parent,

The Choice School is in the final implementation phase of the school transportation facility for our students.

Please note that the Fleet Management is outsourced for the academic year 2022-23. However, every bus will display The Choice School identification.

School-appointed Route Officers will be in charge of different assigned routes and the fleet. You will be contacted by these staff for confirmation of route. Safety, security and comfort will be key to our fleet operations.

Transportation route details and charges have been updated on the CSMS (Choice School Management System) parent login. Kindly refer to these for follow up. Contact numbers for assistance are given on the school e-portal.

We strive to make the process smooth and efficient. Your cooperation and timely feedback are much valued.

Thank you.

Best regards,

Jacob P Ajith Mathews
Principal
